**The Fine Print:** You must have your Dealership's permission to enroll in Sitmatic's High Road Program and attend quarterly sales meetings at your dealership to receive your High Road check. You must be employed by your dealership at the end of a quarter to qualify for your quarterly High Road earnings. Dealerships must purchase 3 Sitmatic Chairs (showroom discount) for showroom display during the first quarter. Dealerships also agree to hold quarterly sales meetings where High Road checks will be distributed to participating sales persons. Salespeople and dealerships allow Sitmatic to use their names and likenesses for marketing purposes. Accounts aged over 60 days will result in product not shipping and spiff checks being held. Your participation becomes effective with Sitmatic receives a completed enrollment form signed by a dealer principal. Spiff will not be paid retroactively for orders prior to receipt of the enrollment form. In the event that any question or conflict should arise over the interpretation of the rules, resolution shall be made solely by Sitmatic. Sitmatic may change the terms and conditions of this program without notice.
